

KOHLHOFF LOOP® Padeyes are through-deck fittings made of hard anodised aluminium. Both parts are screwed together to provide easy adjustment for different deck thicknesses. They are all fully water tight with an Acetal cover encapsulating the dogbone and loop on the underside of the fitting. KOHLHOFF LOOP® Padeyes come in black as standard but are also available in silver on request. The Dyneema® loop is NOT supplied as standard and custom loops are also available on request.

All LOOP® Padeyes will be supplied with a sealed acetal cover.

The Nitronic50 dogbone sits in a recessed seat for easy maintenance.

LOOP® Padeye 10 and 10s in the open version as a Fairlead.
