

## Speedlink HR trigger snap shackle - Universal eye - Length: 87 mm

Part #2652

### Description

Make the right choice!

Speedlink is the new trigger snap shackle dedicated to spinnaker operations on racing boats and offering an excellent weight / performance ratio.

**Ultra lightweight:** developed by using finite element analysis software, Speedlink has an optimised design thanks to its shape, cut-outs and ribs. Its make it extremely design and gives its one of the best strength/weight ratios on the market.  
**Easy opening:** opening under load, whether manually or using release fid, is easy and effortless thanks to the generous passage diameter and its optimised slopes.

**No accidental opening:** the special shape of the latch reduces inertia and avoids unintentional opening, especially under impact.

**Sturdy:** Speedlink is forged in HR stainless steel and can bear outstanding working and breaking loads for a minimum weight.

**Modern design:** its ultra-technical lines avoid excessive rope wear and prevent adjacent lines from jamming.

### Applications

Spinnaker operations: sheets, halyards, peeling

## Technical information

Materials	HR 17.4 PH stainless steel grade
Length (mm)	87
 Working load (kg)	1440
Breaking load (kg)	3600
Weight (g)	97
A (mm)	17
B (mm)	15.5

### Caption

Working load (WL) : for nautical applications

Working Load Limit (WLL): for industrial applications only.  
The safety factor is 5 times the breaking load.  
 $WLL = \text{Breaking load} / 5$
