

KOHLHOFF LOOP® Hanks are nothing more than short rope shackles which are ideal to attach sails to the forestay. KOHLHOFF LOOP® Hanks are lightweight and small sized. They do not cause any stain spots on the sail and it is not necessary to tape them to protect the spinnaker. KOHLHOFF LOOP® Hanks are strong and safe and can be easily removed without any tools. KOHLHOFF LOOP® Hanks are available in different sizes and various lengths. Custom sizes are available on request. KOHLHOFF LOOP® Hanks are made of Gottifredi Maffioli's Compact Braid, a polyurethane coated Dyneema® SK78 single braid. This high tech material is very strong, light, and waterproof with outstanding abrasion resistance and very low stretch.

LOOP® Sail Hanks mounted
